

An aerial photograph of a tropical landscape. The left side is dominated by a dense, lush green forest with several tall palm trees. A wide, light-brown dirt road runs vertically down the right side of the image. A small person is walking on the road, providing a sense of scale. The overall scene is bright and natural.

Drive growth and create positive ESG outcomes

We offer a partnership with purpose

A 'triple pillared' offering for business leaders and investment partners

Sector expertise

We invest across a broad range of sectors. Investing with a sector lens means we can spot trends and opportunities ahead of the curve, giving you competitive advantage.

This supports a business's growth journey.

Patient capital

We are uniquely positioned to offer businesses a broad range of capital solutions from \$10m-\$250m.

Unconstrained by exit time pressures, we stay with our partners to help them achieve their vision.

Our flexible capital solutions span the full range of equity, debt and funds.

Impactful partnerships

We partner with businesses across Africa and Asia to add value beyond capital.

Creating cutting edge ESG and impact strategies, we also focus on business integrity to build capacity and resilience and sustain long term success.

We can also provide access to our extensive network of senior business leaders and policy makers when appropriate.
